

Ty 30S ECO ERP

Stem single pole thermostat with double bipolar safety cut-out to comply with ERP directive

Thermostat for a quick / easy matching with our flange or screw type heating elements

Technical data:

Applications	Electric water heater - Heat pump
Functional cut-off	Unipolar
Safety cut-out	Bipolar
Safety cut-off technology	Patented solution: safety device operating on stem
Safety reset	Manual
Max room temperature	T 85 °C
Rated Current / Voltage	16A 250V AC
Functional temperature range / Accuracy	From 10 °C to 90 °C / in according to Customer specification
Safety cut-out temperature range	From 50 °C to 100 °C / in according to Customer specification
Thermal hysteresis	8 ± 4 °C
Standard stem lenght	280mm
Stem length available on request	185mm / 220mm / 350mm / 400mm / 450mm
Electrical connection	Quick faston connection 6,3x1mm
External regulation knob	With / Without
